

Please do not replace my FCC K-LOVE radio station with LPFM. K-LOVE is the only radio station I have ever listened, and fills a niche in this community (and in the entire US) which is not filled and could not be filled by any other broadcaster. There are hundreds of cars in our community alone sporting K-LOVE bumper stickers, and, though I listen an average of 2 hours per day, even I don't have a bumper sticker! Please don't give LPFM broadcasters priority over K-LOVE!!!
